

# Test of Faith

The relationship between science and faith is often represented as a battleground. But are science and Christianity really in conflict? Bringing clarity to the science-faith debate Dr Ruth Bancewicz will unpack the key issues. This free evening will include a short presentation, time for questions and open discussion. Come along to contribute or simply to listen.

**Holy Trinity Parish Centre, Old Town, Stratford-upon-Avon**

**Saturday 6th November 7.30pm**

Dr Ruth Bancewicz is a research associate at the Faraday Institute for Science and Religion, working on the 'Test of Faith' resources project. After reading Genetics at Aberdeen University, she completed a PhD at Edinburgh University. After two years of postdoctoral research at the Wellcome Trust Centre for Cell Biology, Edinburgh University, she worked as the Development Officer for Christians in Science for three years, before moving full-time to the Faraday Institute.
